Report Russians Establish Bridgeheads Across Oder

Battle Raging Along Much Of Oder River Line

First White Russian Army
Reported Ready For
Smash Toward Berlin

KUSTRIN UNDER FIRE FROM TWO SIDES

By NATALIA RENE
(U. S. Staff Correspondent)

MOSCOW, Feb. 6.—Two powerful armored spearheads of the First White Russian army successfully established bridgeheads across the Oder river within effective striking range of Berlin, enemy sources reported today.

The Nazi DNB agency asserted that Marshal Gregory K. Zhukov's westward-racing legions crossed the Oder at Furstenberg, 15 miles south of Frankfurt and 55 miles southeast of Berlin, and at a second point three miles below outflanked Frankfurt, some 40 miles from the capital.

Along Entire Oder Line
Along the entire Oder line battle action flared, with massive troop movements reported all the way from Kustrin southeast to Breslau. The tempo of fighting increased following the arrival of reinforcements for Zhukov's men.

Kustrin itself came under fire from two sides while Zhukov massed his forces along a 70-mile front in apparent preparation for a tremendous drive across the frozen Oder.

Reuter's reported that an unnamed river barge mentioned in an official Russian statement as having been crossed might well have been the Oder.

In East Prussia, the Nazis threw their last tanks into the fray and

PA NEWC Observes

With a fair sky this morning, daylight seemed to advance over the eastern horizon much earlier than in the recent past. Days are getting longer, first evidence of daylight being seen about 7:30 this morning.

While the mild weather of Monday afternoon caused a lot of melting of snow and ice downtown, there seemed to be little effect on the snow and ice covered streets in the outer sections of the city.

PA Newc is told that Neshamock township authorities have done an excellent job of keeping highways of the township open for traffic during the unprecedented winter and snows of the past eight or nine weeks.

There was sort of an eerie appearance to downtown New Castle last night. Even though the stores were open, lights were not burning in the display windows, and all electric signs were extinguished. With the streets covered with a much blackened snow and ice coating, and with only the street lighting system in use, the scene was rather unusual.

Revision has been made in the method of determining the amount of snowfall by the volume accumulated in the precipitation gauges at observation points by the U. S. Weather Bureau. B. F. Johnson, local observer stated today. Heretofore, in figuring the amount of snow accumulated on the ground, it has been customary to melt the snow in the gauge and multiply by

Nazi Trap Set

German radio news releases admit that Allied forces are moving south from Colmar and north from Mulhouse in a flaming pincer movement against the Nazis west of the Rhine. U. S. First and Third Armies have broken through Nazi defenses and the Nazis are expecting "the big Allied offensive in the west any day now." Map shows how the Allies are joining to catch the Nazis in a trap.

Nazi Collapse Will Not Alter Home Controls

By ERWIN D. SIAS
(U. S. Staff Correspondent)

WASHINGTON, Feb. 6.—With American civilians harder hit by the impact of war than at any other time since Pearl Harbor, top government officials today brushed aside hopes that collapse of Germany will bring termination of rationing, price controls or manpower restrictions.

Transportation and gas embargoes, food shortages, "brownout" orders, coal scarcities, overcrowded trains, a tight farm machinery supply and progressively tougher manpower controls, currently highlight the many home front headaches.

They exist from Boston to San Francisco, from Minneapolis to New Orleans.

No Magic Seen
"And there's no telling how long they may continue," one Washington official declared.

From Chester Bowles, chief of the office of price administration came the assertion that "there's nothing magic about the end of the war" in Europe.

He pointed out that OPA restrictions are tied up with war-time displacement of supply in relation to demand—adding that this will continue long after V-E day, perhaps a year or two.

And while manpower controls will be eased "somewhat" after the Allies occupy the Reich, the government still plans to hold the reins on the nation's workers towards ultimate defeat of Japan.

Administration forces held fast in rejecting proposals of Rep. Jesse Wolcott (R-Mich.), to write in more stringent provisions which Democratic leaders feared would endanger the legislation. The bill passed the senate as a compromise to make possible confirmation of former Vice President Henry A. Wallace as secretary of commerce.

Wolcott's three amendments were knocked down on straight party votes in the committee, only one Democrat joining the Republicans on one proposal to prevent the secretary of commerce from serving as a director of the export-import bank. On this vote, in which the amendment was defeated 14 to 12, Rep. Baldwin (D-Md.) voted with the Republicans, members said.

Light Jap Resistance In Defending Manila May Indicate Plight

By CAPTAIN JOHN H. CRAIG
(Written Especially For I. N. S.)

Most heart-warming news of the war today deals with the entrance of American troops into Manila and the release of 3,700 civilian prisoners held there in the vast prison that had been Santo Tomas University in older and happier days. These are added to the 513 military prisoners liberated last Tuesday from ill-omened Cabantuan prison in Central Luzon by daring American Rangers and Filipino guerrillas.

The entrance of American forces into the Philippines capital took place after a short campaign which surprised most observers because of the lightness of resistance encountered by General Douglas MacArthur's men.

British Leader Says 'Big Three' Now In Parley

Declares In London Meeting
That Long-Expected Conference Is Under Way

(BULLETIN)

LONDON, Feb. 6.—(INS)—President Roosevelt, Prime Minister Winston Churchill and Premier Marshal Joseph Stalin are now conferring in the second historic meeting of the big three, Sir Walter Citrine, general secretary of the British Trades Union Congress, declared today.

Sir Walter's was the first announcement that the long-expected meeting was under way.

The Trades Union general secretary made his statement at the opening of the World Trades Union Congress in London.

Attending Conference
Saying that Churchill was unable to be present at the meeting, Sir Walter declared the British prime minister was attending the tri-power conference.

"Since the arrangement was entered into to have Mr. Churchill address the congress," Sir Walter said, "a conference was arranged between the great powers and it is taking place at this very moment."

Meeting Place Secret
The London press earlier in the day had quoted a Paris radio report that definite news of the big three conference might be forthcoming today.

Although Sir Walter was first with a direct statement that the conference was in progress he gave

DEATH TOLL 17; 22 MISSING IN TANKER BLAST

NEW YORK, Feb. 6.—(INS)—With a death toll of 17, Navy rescuers continued to search for 22 missing seamen today after one of New York harbor's worst disasters in which millions of gallons of gasoline aboard two tankers went up in flame.

One hundred and twenty injured were taken to hospitals and first aid stations during rescue operations which continued yesterday, last night and today. Officials said they feared the death toll would reach 40 when the missing men are accounted for.

The explosion and fire began at 8:35 a. m. yesterday when an incoming vessel rammed the S. S. Spring Hill, loaded with 120,000 barrels of high-octane gasoline.

A cascade of blazing gas surged over the sides of the 16,000-ton government-owned Spring Hill, reached the Norwegian tanker Vivi and ignited thousands of barrels of Navy diesel oil aboard the vessel.

Both ships were shaken by a series of explosions, men were hurled overboard, flames burst 50 to 100 feet into the air and columns of black smoke surged upward over the ship-crowded narrows of the harbor.

Yanks Increase Threat To Nazi Rhineland Area

First And Third U. S.
Armies Hammer Deeper
Into Reich And Seig-
fried Line

FORWARD PATROLS
NEAR SCHLEIDEN

PARIS, Feb. 6.—(INS)—The key Nazi communications hub of Euskirchen, a main enemy nerve center behind the lines of last December's counter-offensive, came under direct threat from hard-hitting American doughboys today when they poured through breaches in the west-wall despite increased opposition.

By JAMES L. KILGALLEN
(U. S. Staff Correspondent)

PARIS, Feb. 6.—Battle forces of the United States First and Third armies hammered deeper into the Reich today through breaches punched into the westwall to increase the threat to the industrial Rhineland.

Units of the First Army hit hard in the direction of Schleiden along the route to the vital Nazi supply base of Euskirchen through which Nazi Field Marshal Karl Gerd Von Rundstedt withdrew his armor and infantry after suffering defeat in the Ardennes bulge.

At headquarters it was believed possible that forward patrols of the First may already have entered Schleiden but the main body of the attack column still was reported three-quarters of a mile away.

The Third army, which breached the main Siegfried line defenses in the area of Branscheid, southeast of St. Vith, Belgium, lunged forward against the few remaining pillboxes in the path of their advance into open country.

Germans Pulling Back
At the southern end of the battle line the left bulge of the Colmar pocket below Strasbourg was folding up rapidly with the Germans pulling back out across the Rhine as fast as possible.

American-supported French troops moved ahead in quick pursuit against Nazi rear-guard units.

The First army, supported by armored elements, took the town of Strauch Stechborn, six miles northeast of Monschau, while other units cleared high ground east of

Kobe And Borneo Are Again Bombed Says Jap Report

NEW YORK, Feb. 6.—(INS)—Bombing assaults by single American Superfortresses in the vicinity of Kobe early today were reported by the Tokyo radio.

Kobe, on the main island of Honshu, and scene of a major B-29 attack Sunday, was attacked first about midnight and again at 1:40 a. m.

Each of the lone raiders dropped a "small amount" of bombs and incendiaries, according to the broadcast heard by the FCC.

Two other Superfortresses, Tokyo said, flew over Kobe at about 11:30 p. m. The broadcast did not indicate whether bombs were dropped by these craft.

A wireless dispatch by the Jap Domei agency reported meanwhile that the oil center of Balikpapan, on Jap-occupied Borneo, in the Netherlands East Indies, was raided in daylight again today by American planes.

French Believe Grand Climax Is Not Far Distant

Excited Expectancy On De-

By KINGSBURY SMITH
(U. S. Staff Correspondent)

PARIS, Feb. 6.—A grand climax to the stupendous Allied military operations is believed today by the French people to be rapidly approaching.

Reports that the Russians have fought their way across the key Oder river caused the spirits of the French to soar in the hope that the fall of Berlin is imminent.

See Big Blow On West

The Soviet gains also inspired speculation that the armies of Gen. Dwight D. Eisenhower soon may launch an all-out offensive to deliver the final, crushing blow to the Nazi forces in the west.

A strong belief prevails in Paris that the collapse of German resistance in the east, coupled with the fall of Berlin, would be bound

Leaders Want Gen. MacArthur For Tokyo Drive

By JOHN A. REICHMANN
(U. S. Staff Correspondent)

WASHINGTON, Feb. 6.—Congressional leaders asserted today that Gen. Douglas MacArthur should continue in command of the Allied forces on the march to Tokyo.

Members of the Senate and House Military and Naval committees declared that MacArthur's brilliant leadership should not end with his successful return to the Philippines. They agreed it would be a mistake not to keep it to the Philippines.

Sen. Albert Thomas (D-Utah), chairman of the Senate Military committee said: "I hope they won't take out MacArthur while he's scoring. In football or baseball they don't jerk out a player while he's scoring."

Inspiration To America

Sen. Styles Bridges (R-N.H.) said: "The outstanding progress in the Philippines and General MacArthur's motto 'On to Tokyo' are an inspiration to the American people. It would be further inspiration and confidence to the American people if his leadership is continued on the march to Tokyo."

January Cold Breaks Record

Daily Temperature Over Six
And Half Degrees Below
Normal—Winter's
Snow 60 Inches

FIGURES FOR
MONTH GIVEN

January proved one of the most consistently cold months on record here, the figures of B. F. Johnson, U. S. weather observer, reveal. The temperature for the month average 6.6 degrees below the normal, and approximately 22.5 inches of snow was observed.

Since the first of November the total amount of snowfall has amounted to 60.35 inches, Mr. Johnson states in revised figures given out this month. In other words, since the first snowfall was observed, five feet of snow has fallen. A great amount of this snow still lies on the ground here, although a warming sun yesterday melted off much in exposed places.

Figures Given

The figures are as follows:
Mean maximum temperature, 30.4 degrees; mean minimum, 12.8 degrees; mean or average, 21.6 degrees. The highest temperatures recorded during the month were 40 degrees on the 11th and 12th days

Plans Are Made For Sending Aid To Manila Area

NEW YORK, Feb. 6.—(INS)—A spokesman for the United States Relief and Rehabilitation Administration in Sydney said today that plans for dispatching speedy aid to Manila already have been perfected, BBC reported in a broadcast heard by CBS.

Meanwhile, a CBS correspondent on Luzon Island declared that many of the nearly 5,000 interned civilians and war prisoners who have been liberated do not want to be repatriated. Their desire, he said, is to return to the task of rebuilding Manila and their own businesses as soon as possible.

Heavy Bombing Raids On Germany Again Under Way

(BULLETIN)

LONDON, Feb. 6.—(INS)—United States heavy bombers went out in force over Germany in daylight today amid indications that the Reich was being subjected to a raid equally as fierce as Saturday's record assault on Berlin.

A flood of broadcast air raid warnings from Reich transmitters indicated Germany was in for a heavy pounding, and shortly thereafter headquarters of U. S. Strategic Air Force announced that fighter-supported heavy bombers were in operations over Germany.

The daylight operations came in wake of a black-buster attack by speedy British Mosquito bombers on Berlin during the night.

Action Develops On Italian Front

Better Weather Allows Fifth Army
To Renew Attacks: Two
Towns Occupied

ROME, Feb. 6.—(INS)—U. S. Fifth Army troops on the Italian front, taking advantage of improving weather, occupied the towns of Castel Vecchio and Albano which flank the Serchio valley, Allied Mediterranean headquarters disclosed today.

American forces also recaptured Lama Di Sotto, and west of the Serchio river regained their positions in Calomini and advanced a mile north to Ralicani, encountering only minor opposition.

In other sectors the Yanks engaged in patrol activities and threw back a new attack at Frassineto.

The British Eighth Army also engaged in brisk patrol action along the Senio river where the Britons clashed with the Nazis south of Biscaniso and smashed back a small enemy force which attempted to engulf an Allied outpost east of Rivola.

Mediterranean air forces flew more than 1,700 sorties, attacking a rail junction in Germany, as well as enemy communication routes through the Brenner Pass bottleneck.

THREE MORE JAP ADMIRALS KILLED

NEW YORK, Feb. 6.—(INS)—Rear Admirals Kozo Kimura, Yoshiyuki Kishi and Eiichiro Jo have been killed in action, the Japanese Domei agency announced today. This raises to 87 the number of Japanese naval officers of flag rank whose deaths have been announced by Tokyo since May, 1944.

The Domei dispatch was recorded by the FCC.

U. S. Forces Are Now Mopping Up Japs In Manila

All Japs In City Are Doomed

"ON TO TOKYO" IS
NOW WATCHWORD

By LEE VAN ATTA
(U. S. Staff Correspondent)

GEN. DOUGLAS MACARTHUR'S HEADQUARTERS, Luzon, Feb. 6.—Given the watchword of "On to Tokyo" by their commander, powerful American legions of Gen. Douglas MacArthur waged annihilation battles today against doomed Japs still inside portions of liberated Manila, while casting their eyes ahead toward even more important conquests.

The Americans who drove into the Philippine capital from three directions, completely surrounded the enemy forces and set about the task of mopping them up. In their liberation smash into the city, the Yanks captured the two important prisons of Bilibid and Santo Tomas to free more than 5,000 prisoners of war and civilian internees.

Meanwhile, MacArthur hailed the fall of the city as marking "the end of one great phase of the Pacific struggle," adding:

Stage Set For New Move
"It sets the stage for another period. We shall not rest until our enemy is completely overthrown."

Asserting the "We do not count anything done as long as anything remains to be done," the hero of Bataan declared that the Americans are "well on the way."

But Japan itself is our final goal... may God speed the day." Though fall of Manila was announced officially, mopping-up operations within the capital were

Smoke Hangs Over Manila

Flames Are Set By Japs In
Attempt To Hamper
American Operations

By LEE VAN ATTA
(U. S. Staff Correspondent)

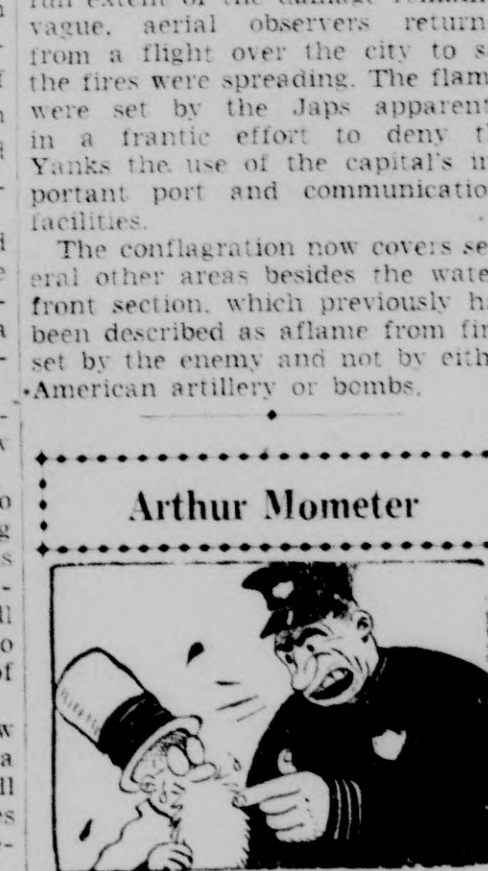

GEN. DOUGLAS MACARTHUR'S HEADQUARTERS, Luzon, Feb. 6.—Smoke hung like a heavy pall over Manila, where elements of three American divisions waged annihilation battles against Jap forces still resisting in the liberated Philippine capital.

Fires which had been raging in sections of the proud old city for four days reached a new peak of destruction.

Though frontline reports of the full extent of the damage remained vague, aerial observers returned from a flight over the city to say the fires were spreading. The flames were set by the Japs apparently in a frantic effort to deny the Yanks the use of the capital's important port and communications facilities.

The conflagration now covers several other areas besides the waterfront section, which previously had been described as aflame from fires set by the enemy and not by either American artillery or bombs.

I used to think that birthdays came too slow, they seemed to lag along from year to year, but soon I found that time had wings of light, and birthdays come too often now I fear. It seems but just a week or little more since last - marked the day, a pause and then, the months sped by and now in '45 I celebrate a birthday once again. Another year is added to the score, this is the day to mark with food and fun, ere long another will appear, the weather's bright and crisp and thirty-one.

C. A. Brookover Taken By Death

Member Of New Castle School Board Suffers Fatal Heart Attack

C. A. BROOKOVER

Charles Adams Brookover, aged 66 years, member of New Castle School board, of 1101 East Washington street, died suddenly as the result of a heart attack at his home Monday evening at 7:10 o'clock.

Mr. Brookover, son of the late Milton Brookover and Anna Adams Brookover, was born December 16, 1878, in Salt Creek township, Muskingum county, Ohio. He was married in 1904 to Mrs. Estella Taylor Brookover.

He resided in New Castle for the past 43 years and was a pioneer in the automobile business, having entered that line of work in 1912.

Mr. Brookover was a member of the First Methodist church and past president of the Moody Bible class. He was also a member of the United Commercial Travelers, having been a Past Grand Counselor of that organization for the state of Pennsylvania.

Survivors include his widow, Mrs. Estella Taylor Brookover; two children, Earl M. Brookover and Mrs. Laura G. Laurel, both of New Castle; three grandchildren; and three cousins, Maj. Lyle A. Brookover, Army Intelligence Service, Washington, D. C.; Sgt. Kenneth R. Brookover, Fitzsimons hospital, Denver, Colo.; and Charles Brookover, Stuebenville, Ohio.

A son, Billy Brookover, died December 27, 1926. A sister, Mrs. Eura Lewis, of Zanesville, O., preceded him in death one and one-half years ago. A brother, W. Carl Brookover, preceded him in death three years ago.

Funeral services will be conducted Thursday afternoon at three o'clock from the Howard L. Reynolds funeral home, Adams street, with Dr. Bue E. McKnight, of the First Methodist church, officiating.

Interment will take place in Oak Park cemetery.

The family will receive friends at the funeral home this evening and Wednesday evening from seven to nine o'clock and Wednesday afternoon from two to four o'clock.

BATTLE RAGING ALONG MUCH OF ODER RIVER LINE

(Continued From Page One)

mounted savage counter-attacks to keep the Reds from overrunning the one-tenth of the province still in German hands. Pillau, a port at the entrance to Klenksberg lagoon, was under artillery fire and Samland Peninsula north and west of the provincial capital was being mopped up.

Fierce Battle Expected

The fiercest battles of all, however, were anticipated on the Oder line.

The key German defense cities of Frankfurt-Am-Oder and Kustrin already were outflanked and the Russians seized the town of Zelin, only 32 miles from the Reich capital.

A late DNB transmission admitted the loss of the key city of Steinau, 34 miles northwest of Breslau on the Oder.

Berlin radio commentators said the Russians had fought their way across the Oder river in the vicinity of Klenitz, 11 miles to the northwest of Kustrin where the Soviets were within 35 miles of the German capital.

A Stockholm dispatch said the Russians had fought their way to the western bank of the Oder at its confluence with the Warthe river.

Crossing Not Confirmed

The Soviet communiqué, which did not confirm the Oder crossings, gave a vivid picture of the bitter fighting along the stream in which more than 5,000 German officers and men were killed in a single day of fighting and another 1,360 were captured.

The official Soviet communiqué disclosed that Marshal Khukov's forces had seized the German stronghold of Alt-Schaumburg (three kilometers (1.8 miles) northwest of Kustrin and also had driven the Germans out of Goeritz, slightly more than six miles south of Kustrin.

Still other Russian columns forced their way into the Oder river town of Neumuhl some three miles south of Goeritz.

To Isolate Territory

The Russians also were revealed by Moscow to have jabbed their way into the town of Staragard, some 20 miles from the Oder river, a port of Stettin on the Baltic coast where the red army was losing a gap to isolate almost 14,000 square miles of territory in northeastern territory from the rest of the Reich.

Unconfirmed reports previously placed the Russians within less than 10 miles of Stettin.

In East Prussia

In East Prussia, where the Germans at least reports were holding less than one-tenth of the province, the Russians were declared in the Moscow communiqué to have intensified their attack against trapped Nazi troops northwest of Koenigsberg on the Semland peninsula where the enemy was fighting a desperate last-ditch battle.

The Germans launched a savage counter-attack in an attempt to break out of their pocket which was beaten back by the Soviets who annihilated a Nazi regiment and captured more than 1,600 enemy officers and men.

In Budapest the Russians occupied 14 more blocks of buildings and compressed the Nazis into a small, hilly area in the western portion of the capital where they were under direct fire from red army artillery.

The American Legion national charter was granted by congress in 1919.

LIGHT JAP RESISTANCE IN DEFENDING MANILA MAY INDICATE PLIGHT

(Continued From Page One)

same effect was put into record by Maj. Gen. Robert L. Eichelberger, commander of the American Eighth Army, who remarked, "those Jap generals must have gone crazy. Where in hell are they going to fight, anyway?" Even since Gen. MacArthur's original landing on Lingayen bay, American forces have crossed line after line of powerful defensive positions, meeting only resistance by local garrisons.

There are believed to be two Japanese armies totaling in the neighborhood of 200,000 troops on Luzon, but what they are doing and where they intend to meet the Americans in a win-or-die battle remains a mystery.

Causes Speculation

This lack of decisive Jap action ashore or afloat at the present very decisive stage of the war is giving rise in Allied military and naval circles to speculations to the effect that American attrition war may have cut down Japanese fighting power to a considerably greater extent than has been believed generally. Unquestionably our planes and ships have been inflicting great losses on Japanese commercial shipping, transports and especially tankers. These all-important vessels, plying between the oil fields of the Dutch East Indies and the Japanese homeland, have been specially preferred targets of our navy's submarines. There is a widespread feeling that perhaps Japanese losses of shipping and cargoes is having a greater effect than of late has been calculated as probable.

Attrition War

This is, in a way, a swing back to naval theories of a generation ago, when leading world-authorities were pretty generally in agreement that a war between the United States and Japan would be an attrition war, with the United States cutting the communications of the Mikado's empire and bringing about its collapse because of shortages of all the necessary raw materials without which modern war cannot be waged. Of late this point of view has been pretty heavily discounted, but as of today a number of authorities are beginning to wonder if after all it may not be possible to defeat Japan by the old methods of supply-strangulation.

Zakrakes Funeral

Requiem high mass for the repose of the soul of Anton Zakrakes of Bessemer was offered this morning at 10 o'clock from St. Anthony's church, Bessemer, with Rev. Fr. J. A. Young as celebrant.

Mike Zakrakes, Anthony Bakovic, Mike Owens, Andy Sankovich, John Kukic Sr. and Alex Brenlin, all members of the C. F. U. lodge, acted as pallbearers.

Rev. Fr. Young conducted the communal service at the grave in St. Anthony's cemetery. A further service was conducted by C. F. U. lodge No. 309 with Matt Dorcich in charge.

Navy Still Needs Civilian Workers

Because of the demand for skilled and unskilled civilian labor at naval installations on the West Coast, workers who are not engaged in essential war work may apply for Civil Service jobs in these yards, according to an announcement from the U. S. Civil Service Commission. Any interested may contact the Civil Service representative in the Post Office building.

PA NEWC Observes

(Continued From Page One)

According to the local weather observer January cold and snow established new record here. Another new record was also established for shoveling snow on the part of householders who attempted to keep the sidewalks cleared of snow, it might also be mentioned in passing.

10. In other words, if the melted accumulation was equal to one-tenth of an inch, it was figured that an inch of snow had fallen. This has proven untrue this winter and the method has been revised to multiply the depth of the melted snow by 15, giving in this way an inch and a half of snow for each tenth of inch of precipitation. In colder weather, when the snow is sufficient, this method is more nearly correct. With a heavy wet snow, falling just at the freezing point, the former method would be more correct.

In spite of the fact that the temperature, in shaded spots did not get above 31 degrees, yesterday, where the sun hit, the snow melted off at a great rate, and water ran in the gutters of many streets.

In spots where the sun struck against buildings, and was reflected on the ground, the ground was found to be bare this morning. This was noted on the grounds of Jameson Memorial hospital.

U. S. FORCES ARE NOW MOPPING UP JAPS IN MANILA

(Continued From Page One)

underway and were expected to continue for "sometime yet." Many areas of the metropolis offer ideal hiding points and small groups of Japs were expected to adopt guerrilla tactics, particularly since there is no escape for them from the city.

Enemy Forces Sealed Up

Scaling up of the enemy forces inside the proud old capital was effected when units of the 11th Airborne division of the U. S. Eighth army, stabbed into the southern section of the city to close a giant nutcracker, the upper arm of which was formed by the First Cavalry and 37th division troops already inside the city.

In reaching and entering Manila, the Eighth army units of Lieut. Gen. Robert Eichelberger's command culminated a sweep from landings points around Nasugbu in Batangas province. Moving sometimes better than two miles an hour, they spearheaded by other parachutists who seized Tagaytay ridge in their first airborne invasion of the Philippines—swept below the mammoth Cavite Naval Base to strike the rear of Jap forces massed south of the Pasig river.

North of this stream, meanwhile, units of the famed First Cavalry and equally-renowned 37th Infantry already had gained control of the northern half of the city in fighting which at times reached the house-to-house and room-to-room variety.

Liberate 1,350 More

In the drive into Manila from the south, the Eighth army forces captured notorious Bilibid prison. There they liberated 800 prisoners of war and some 550 civilian internees, including many women and children.

With this liberation, the Yanks brought to better than 5,000 the total of prisoners wrested from the Japs inside Manila. Some 3,700 others were freed on Saturday when the First Cavalry seized the Santo Tomas concentration camp. Another 511 men—veterans of Bataan, Corregidor and Singapore—were given their freedom after three years of unbelievable hardships, when Rangers raided the infamous Cabanatuan camp.

Approximately 4,000 of the persons rescued in Manila were identified officially as Americans, while the remainder were British, Australian and other Allied nationalities.

Inside the city, meantime, two main bridges across the Pasig river continued to be battlegrounds with the Americans holding one side of the spans while Japs at the other approaches sought frantically to demolish the structures before the Yanks could get across.

LEADERS WANT GEN. MACARTHUR FOR TOKYO DRIVE

(Continued From Page One)

said that such a matter should be left to Gen. George C. Marshall, chief of staff and then added: "Of course, I think that where a man is succeeding he should be left in. If that applied in the last election, it should apply now. General MacArthur has been doing a good job, so why not let him continue."

Sen. George Wilson (R) Iowa, declared: "It would be very unwise not to permit MacArthur to continue—it would be a mistake to allow his leadership to end with his successful return to the Philippines. When we get a good public servant we should keep him. General MacArthur has proved himself just that."

Rep. Paul Shaffer (R) Mich., member of the House Military committee: "General MacArthur certainly should be permitted to go on leading the fight against Japan. Why stop him now."

Rep. Harold Knutson (R) Minn.: "God speed him. We're all behind him."

METER DAMAGED

One meter was damaged last night, according to police reports. The city has offered a reward of \$25 to anyone who can identify the person who reportedly broke 31 meter faces since the dim-out was ordered into effect. The damage does not exist here alone. Other cities have also suffered. However, generally the culprits are captured and a severe penalty will be imposed for the offense. Mayor John F. Haven stated today.

Take German Towns

Advancing up to a mile and one-quarter along an eight mile front inside Germany, infantry of the Third took the Siegfried line town of Habscheid, eight and one-half miles southeast of St. Vith and three and one-half miles inside Germany. Schlauenbach, six miles west of Prum, and Etten, east of St. Vith. The Germans heavily attacked around Branscheid, a key road network town four and one-half miles northwest of Prum. Late reports said that fighting again was raging inside the town.

When the town was taken Monday by the Yanks 89 Germans were taken prisoner.

Habscheid was taken by the 90th Division which met its heaviest resistance from mines and barbed wire. The 60th also occupied high ground south of Habscheid, five and one-half miles southwest of Prum.

no suggestion of where the meeting is taking place.

Washington, Feb. 6.—(INS)—The White House today declined to confirm London reports that President Roosevelt is out of the country and is attending a conference with Prime Minister Churchill and Premier Stalin.

Asked to confirm an announcement in London by Sir Walter Citrine, general secretary of the British Trades Union Congress, that a meeting of the big three "is taking place at this very moment," Jonathan Daniels, administrative assistant to the president, said he could not comment.

Daniels said that Citrine "has no official post in the British government."

"I understand his status is similar to that of William Green in this country," Daniels said. Green is president of the AFL.

SERVICE

In these times, when help is scarce, goods hard to get, and a great many things that cannot be gotten, this is the time that those old established firms, who know where to buy, have equipment and are ready to take care of the wants of their customers, are the best firms to call.

For, if it is possible to continue on with the service, or near service, that was formerly given, they will have it.

Mother, Mix Your Own Cough Syrup. It's Fine

Quick, Comforting Relief. Saves Money. Easily Mixed.

This well-known medicine, mixed in your own kitchen, costs little, but it gives delightful, swift-acting relief from coughs due to colds. It takes but a moment to prepare—it's so easy a child could do it. It saves real money. Make a syrup by stirring 2 cups granulated sugar and 1 cup of water a few moments until dissolved. No cooking is needed. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then get 2½ ounces of Pinex from any drugist. Pour this into a pint bottle, and add your syrup. Thus you make a full pint of really splendid cough medicine and you get about four times as much for your money. It never spoils, lasts a family a long time and children love its taste.

And for quick, blessed relief, you'll say it is truly wonderful. It has a remarkable action. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages.

Pinex is a special compound of proven ingredients, in concentrated form, well-known for its prompt action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

BYERS-GILLILAND ENGAGEMENT NEWS

Rev. and Mrs. W. P. Byers of New Wilmington announce the engagement of their daughter, Miss Martha Byers, to Capt. Ralph Gilliland, son of Mrs. L. C. Gilliland, also of New Wilmington.

Miss Byers and Capt. Gilliland are both graduates of Westminster college. She is a teacher in the Avon public schools, and Capt. Gilliland is at present located at MacDill Field, Tampa, Fla.

The engagement will terminate in a wedding at a near future date, to be announced.

S. E. B. CLASS HAS SOCIAL MEETING

S.E.B. class of the First Methodist church was entertained at the home of Mrs. Roy C. Miller, Fairfield avenue, for its February social meeting on Monday evening. Mrs. John Colgan and the Misses Sarah and Viola Wallace were co-hostesses.

During business the class decided to make cookies for Deshon Annex in the near future. Mention was also made of the floral memorial tribute paid the late Mrs. S. Emma Baer, founder of the class, at church service Sunday.

At the close of the evening refreshments were served.

Honor Pte. and Mrs. S. V. Koss, Mrs. Edward King, of West Washington street extension, entertained a group of friends and relatives at a chicken dinner and shower Monday evening in honor of Pte. and Mrs. Stephen Koss, Jr., a bride and groom of recent date.

Mrs. Koss was formerly Miss Anna Mae Mack. Mrs. King was assisted in serving by Mrs. Stephen Koss, Sr., Mrs. John Parks and Mrs. Harry Rodgers.

Later games and contests were diversions. Mrs. Stephen Koss, Sr., and Mrs. Norman Douglas were awarded prizes.

Pte. and Mrs. Koss were presented with a shower of lovely miscellaneous gifts, when the bride's little nephew, Colton McConnell, dressed as a soldier, wheeled in a wagon of attractively wrapped packages.

Pte. Koss left this morning for Ft. Benning, Ga., where he is stationed. Mrs. Koss will join her husband in two weeks at Columbus, Ga.

Miss Frances Koss and Miss Jean Allen, both of Beaver, were out-of-town guests.

READING CIRCLE '91 HEARS FINE PAPERS

"Mexico" was again the topic for Reading Circle '91 members when they met Monday afternoon in the Y. W. C. A. reading room. Each responded to roll call giving the name of a "product of Mexico".

Two excellent papers were offered for the program following, the first topic on "Peoples of Mexico" being presented by Mrs. T. C. Boston. Second, "Present Relations with Mexico" was given by Mrs. R. L. Meermans. Each topic was exceedingly well composed, giving valuable information in the circle's study of this country. An open discussion ensued.

Plans were completed for a one o'clock luncheon on Monday afternoon, Feb. 19, in the Y. W. C. A. green room as a special social event. Committee in charge includes Mrs. Frank Hanna and Mrs. E. L. Davenport.

HENRIETTA LEIS MARRIED IN TEXAS

Word is received here telling of the marriage of Henrietta R. Leis of Dallas, Tex., daughter of Mrs. Charlotte R. Leis, Church Farm school, Glen Loch, Pa., and the late Carl H. Leis, former New Castle residents, to Earl E. Prentice of Los Angeles, Calif.

The ceremony was performed on December 28, 1944, at Rockwell, Tex.

Mrs. Prentice has a host of friends in New Castle and New Wilmington, where she resided up until a little over a year ago, when she left here. She was also a former employee in the offices of the Johnson Bronze Co., this city.

N. O. T. Club
Mrs. Mary Reiter of Lunda street received the N. O. T. club Sunday evening.

Mrs. Anna Russo captured the club token and other prizes were won by Ida Rozzano and Helen Russo.

A dainty lunch was served by the hostess, with the aid of her sister, Geraldine Donofrio.

February 14 is the meeting with Helen Russo of Friendship street.

Rose Rebekah Lodge
Emeline Rose Rebekah lodge will have a business meeting Wednesday evening at 7:15 o'clock in the I. O. O. F. hall, East Washington street.

A social time for members and friends will follow at 8 o'clock.

KING-MEYER EVENING WEDDING

At a candlelight ceremony performed at the First U. P. church on Saturday evening, Miss Emily Scott King, daughter of Samuel H. King, of 123 Edison avenue, was married to John Spencer Meyers, United States Naval Reserve, son of John S. Meyer, of Conkle avenue. Dr. S. E. Irvine performed the ceremony at 7:30 o'clock before an altar embankment of ferns and greenery.

The bride, given in marriage by her father, wore a street-length dress of pastel blue wool crepe trimmed with applique of matching wool lace and a flower hat. She carried a white Bible with pink camellia marker.

Her maid of honor, Miss Eleanor Warnock, wore a bluish pink dress and hat and a corsage of roses.

John S. Meyers served his son as best man and Herbert Warnock and Donald Boles were ushers.

Preceding the ceremony, Miss Nancy Piper, of Pittsburgh, sang three selections accompanied at the organ by Miss Jean Haug. Soft organ music was played throughout the ceremony.

Following the ceremony approximately 60 guests were received in the church dining room where Mrs. Herbert Warnock poured for guests.

Aides were the Misses Thelma Whiting, Betty Hamm, Frances DeRosa, Beverly Emerick, Virginia Aiken, Mildred Parfitt and Mrs. Gerald Bailey and Mrs. G. R. Covert.

On February 16 the bride and groom will leave to take up residence in Honolulu where he is stationed as radio technician in the naval reserve.

Out-of-town guests here for the wedding included: Miss Miriam Meyers, of Cumberland, Md., the Misses Jane and Martha Meyers, of Kittanning, Mrs. Mildred Eiler, Mrs. Robert Jerebak, Mrs. John Dorwart and the Misses Dorothy Eiler, Edith Gray, Sally Jamison, Shirley Hoffman, and Frances Logan, all of Pittsburgh and Mrs. and Mr. George Gray and Miss Jean Gray and Samuel Gray, of Beaver Falls.

HELEN JACKSON WEDS SGT. ROBERT ONASCH

At an impressive wedding ceremony solemnized in St. Mary's church on Monday afternoon, February 5, at 1:30 o'clock, Miss Helen J. Jackson, daughter of Mrs. J. E. Jackson, 428 Neshannock avenue, became the bride of Sgt. Robert Onasch, recently returned from 28 months overseas duty, for a 21-day furlough. He is the son of Mr. and Mrs. Frank Onasch, 132 Boyles avenue, this city.

Rev. Fr. Francis M. McCarter, who used the single ring ceremony, officiated in the presence of immediate families and close relatives of the young couple.

For her marriage the bride was attractive in a seagull gray suit with black accessories, complemented with a shoulder corsage of pink roses and sweetpeas. Mrs. Harold Fautz, sister of the bridegroom, was chosen as matron of honor. She was attired in a tropical blue suit and black accompaniments. Her corsage was made up of pink rosebuds.

Joseph Keliher of this city served as best man.

Immediately following a brief congratulatory period, the newlyweds left on a trip. Upon returning to New Castle the bride will remain here for the present. He will continue to Asheville, N. C., for reassignment.

All-Together Club
Mrs. Pasqualina Donofrio of 401 Lunda street will be hostess to the All-Together club Wednesday evening.

Local Jive Demons Amaze French Writer

Jazz Invades France, Cries Journalist, Writing Of Musicians Ippolito And Audia

"Une demon dechainé"—an uncooled demon—is the French word for Cpl. Gene Audia when he takes over at the drums during an American jam session somewhere in France.

Cpl. Audia, the son of Mr. and Mrs. Anthony Audia, 808 South Mill street, and Dominick Ippolito, son of Mr. and Mrs. Anthony Ippolito of Lutton street, are two of the men of an anti-aircraft battery who have formed a band called the "Searchlight Serenaders". Still referring to American swing as "jazz", a Parisian newspaper gave the boys a very enthusiastic write-up recently, with special credit going to pianist Ippolito and drummer Audia.

Instead of throwing their searchlights in the sky, explains the paper, with characteristic French imagery these men are throwing their beams of music to the four corners of the earth. The captain, who gives out with a hot trumpet himself, found that 11 of the men in his group could play instruments and the result was that France was invaded yet again—this time by American jive played as the French had never heard it played before.

"The drummer," marvels the paper, "holds the same 'a la soul' all by himself for 35 minutes. He is an unchained demon. His 'battery' of drums, by the way, is made up of parts of a German Messerschmitt which the group shot down. Portending a brilliant future for the young musicians, both in their early twenties, the French journalist concludes without definitely saying whether he likes or dislikes this "jazz". More than anything else, he seems just downright amazed.

Cpl. Audia, who was an instructor in drums and who played in orchestras here and in Youngstown before entering the service, has been overseas for several years. He took part in the Tunisian Sicilian and Corsican campaigns and is now serving in France.

Ippolito, who played with Cpl. Audia here before either was in the service, has been in the army for several years and overseas a number of months.

Nurses Aides Class Progressing

New Castle Hospital New Class To Devote Hours For Hospital Day Work

Within a very few weeks another new Red Cross nurses aide class now being instructed at the New Castle hospital will be graduated, and 14 additional day-time nurses aides will be added to the roll of the hospital to help alleviate the shortage of nurses.

On Thursday of this week the first 35 hours of classroom work will be completed by the group, and this will be followed by 45 additional hours of hospital work under proper supervision. Upon completion of the required 80 hours for all nurses aides, the group will take an examination. Graduation will then take place with the new aides receiving their caps and pins.

Sister M. Hyacinth of the New Castle hospital is the capable instructor and has been in charge of the group during their classroom work and also for the hospital duty work which will start soon. The class meets every Wednesday, Thursday and Friday afternoons from 1 to 4 o'clock in the nurses home.

Will Do Day Work

Upon graduation this group will do solely day work at the New Castle hospital. Fourteen new aides to assist during the day will exceedingly help the institution during the present busy time.

Nurses aides have proven a tremendous value to the hospitals, and during the preceding classes much enthusiasm has been shown. The new class is also showing the same zeal and interest of the graduated classes. Mrs. Harry Barkby, chairman of the Red Cross nurses aides committee, is very pleased at the progress of the new class at the hospital.

Those enrolled in the present day class of nurses aides are:

Mrs. Marie Jones, 411 Park avenue; Mrs. Gladys McCowin, R. D. 2, Wampum; Mrs. Aura Cearfoss, R. D. 2, Wampum; Mrs. L. W. Fulton, 207 Cedar street; Miss Mildred Ralney, 9 Darlington avenue; Mrs. Cathryn Gordon, 407 Meyer avenue; Mrs. Sara Patton, 908 Chestnut street; Angeline Slavic, 10th street, West Pittsburg; Mrs. Pearl Gibson, 1013 Cunningham avenue; Mrs. Mary Laughlin, 316 Vine street; Mrs. Esther Radabaugh, R. D. 2, Grandview avenue; Mrs. Genevieve Fomer, 620 N. Cascade street; Mrs. Marie Patch, 507 Florence avenue; Mrs. Clara Jones, R. D. 2, Wampum.

Station Wagon Campaign Growing

Salvation Army Campaign For Station Wagon Conducted By Eagles Auxiliary Gains

Campaign for the purchasing of a station wagon for the local Salvation Army launched by the Ladies' Auxiliary to the Fraternal Order of the Eagles continues to grow. However, with group meetings of lodges and other organizations being cancelled due to fuel shortage, it has temporarily slowed the campaign.

Contributions keep coming in Mrs. Alvin Herberg announces, donations being received most recently from the New Castle Hospital Emergency Club, New Castle Hospital Nurses Alumnae, personal friend of the Johnsons, Bronze, Emeline Rose Robekals, Cathedral Chapter No. 440, Order of the Eastern Star, League of Women Voters, two personal friends, and others. The total goal is getting nearer, and any individual or group desiring to donate toward this worthy project are urged to do so.

Mrs. C. Geibel's Sister Is Dead

Mrs. Caroline Geibel, of this city, has received word of the death of her sister, Miss Celestine Hinterslang, on Friday at the home of Mrs. A. Hinterslang, of East Butler.

In addition to Mrs. Geibel, another sister, Mrs. Elizabeth Glaser, of Butler, R. D. 2, survives.

Funeral services were conducted Monday morning at 10 o'clock from St. Wendelin's Catholic church, and internment took place in the church cemetery.

Ask Privilege Of Hauling Prisoners

Members of city council, Monday, in meeting at the city hall sent a note submitted by J. H. Kalamajean, R. D. 1, to the city legal bureau in which he reported the PUC would hear his application in the month of February 16, in which he has applied for the privilege of hauling German prisoners of war through the city to the National Radiator company.

AROUND CITY HALL

City police receipts for January amounted to \$555.50. Of 290 arrests, 222 were for violation of parking meters. Incidentally, City Council Monday adopted a resolution sponsored by Mayor John P. Haven which will have the city paying \$25 to anyone who provides information and identification of anyone smashing meter faces. Last week 50 glasses were fractured.

In order to extend Reynolds street from Scoto to Moravia street, another property must be procured, and negotiations are to be started with the Davis Feed & Coal company. Not long ago Council bought the Moses property for \$5,250.

Council agreed Monday in meeting at City Hall to approve payment of \$448 for playground equipment. J. D. Alexander, director of city playgrounds, presented the bill because the cost of the equipment would exceed \$250.

This "Blitz" Begins in Philadelphia!

OTHER armies must use a variety of fuels but the United States is able to base its operations largely on petroleum. This speeds and simplifies supply problems. It's an advantage made possible by the size and efficiency of the American oil industry.

Constantly, too, the oil industry is working to make and deliver fighting products even faster than before. In Philadelphia, the handling of "blitz cans" has been speeded up by Atlantic which supplies gasoline to U. S. Armed Forces in these time-saving five-gallon containers.

"Blitz can" is a G. I. nickname. The cans were developed by the Nazis in planning their war. Quantities fell into our hands in North Africa—and American ingenuity speedily improved upon their construction.

Produced in great quantities, these Army cans come to the Atlantic refinery where, speeded through fillers, test conveyors, and special conveyors all developed by Atlantic research, they roll hour after hour in endless procession aboard waiting lighters—stowed 20,000 to a load.

Towed to oil-powered freighters, they are off to the fighting fronts in record time.

From the handling of cans to the improvement of "perfection" in aviation gasoline, nothing in any way connected with petroleum is too small or too large for Atlantic research.

This is practical science—applied now to helping win the war, prepared to give you even finer products and more efficient service in peacetime tomorrow.

WASHINGTON CALLING

(Continued From Page Four)

introduced here. Miners in some mines must walk two or three miles underground to get to the diggings. To try to find a prescription to cure this sick industry, the mine owners some time ago named an industrial analyst to make a thorough study of coal mining. The report of the analyst, Robert Foot, was recently released here and precipitated a debate which sounds to an American like some of the arguments we have in the U. S.

Foot told the colliery owners they must recognize that they are a public service and set up a central board of 16 experts whose decisions covering the entire industry would be binding. Two of the 16 "cool statesmen" would be executives who started as pit-boys and worked their way to the top. The board would have the power to survey the whole industry, through district boards. From a common fund raised from the entire industry, individual companies could obtain modernization loans.

Must Be Efficient

If private industry is to justify itself, Foot says, the mines must become the most efficient in the world. Much space in the report is devoted to welfare and labor relationships. The cost of making the changes would certainly not be less than half a billion dollars.

In return for benefits under this plan, the mine owners must accept regional price-fixing. Any company refusing to comply with regulations imposed by the central board would be arbitrarily absorbed by another company.

The Beaverbrook papers, which come nearest to taking an anti-cartel stand in Britain, raise the question as to whether the proposed plan would promote the highest possible production. The Daily Express said editorially of the Foot report: "His proposal smack of the combine and cartel. He advocates price-fixing in the coal industry—and that method of doing business leads not to efficiency and full production, but to inertia and resistance to new methods."

It is doubtful if the Foot report has really solved anything. There is still the question where the necessary capital is to come from.

Mine union leaders promptly named a committee to consider the Foot proposals, and it is a foregone conclusion they will reject the plan and argue again for nationalization of the mines. So the debate will go on, at a time when Britain can least afford to pause, between the world of private enterprise and the world of socialism. Vital decisions for the future must be made quickly.

DENY STATEMENT

WASHINGTON, Feb. 6.—(INS)—The war department said today that no official spokesman had stated that organized resistance in Europe could end in the next few days, but ascribed the statement to a military analyst.

there was a "possibility" that the war in Europe could end within the next few days. This was one of a number of "possibilities" he listed for reporters during a "background" discussion of the military situation on the Near Eastern front. The war department emphasized today he was not reflecting official views.

Boy Scouts Mark 35th Anniversary February 8 To 14

Meetings May Be Cancelled, But Uniforms And Window Displays Will Be In Evidence

Even though planned meetings or dinners celebrating the 35th anniversary of the founding of Boy Scouting in America may have to be cancelled because of the coal shortage, prevalence of Scout uniforms in school rooms, the number of Boy Scout troops in church Sunday, and the window displays which will soon make their appearance, will all be indications that the week of February 8 to 14 is Boy Scout Week.

Judson G. Jusell, deputy regional executive of region 3, will be in the Lawrence county district for several days preceding the week's observance, according to Thomas G. Allen, Lawrence county executive. Mr. Jusell, who spoke to the New Castle Lions club today, will appear before the Ellwood City Kiwanis club this evening before the Kiwanis club tomorrow and will address a meeting of the Ellwood district Scouts at Scouts in Ellwood City Thursday evening.

Each district is making out its own program, Mr. Allen said. Since Sunday, Feb. 8, is "Go to Church" day, all church-sponsored troops are attending in a body, and boys from other troops will either join the church troops or attend as individuals.

Sgt. G. A. Schmidt Wounded In Action

Mrs. Martha Schmidt, of 12 West Lutton street, received a telegram from her son, Sgt. George A. Schmidt, slightly wounded in action in Luxembourg, on January 23.

Sgt. Schmidt has been in the service for 25 months, and overseas since November 14. He is attached with the infantry in the Third Army.

New Navy Plane Labelled Poison To Japanese Foes

New "Privateer" Plane
Used For Searching, Faster
Than Liberator

NEW PLANE CARRIES
HEAVY CALIBER GUNS

By RALPH E. JORDAN
(U.S. Staff Correspondent)

AN AIRPLANE BASE SOMEWHERE IN HAWAII—Delayed when the news reaches them that the new Navy plane, the "Privateer," is being used against them, for the latest addition to the Pacific fleet's air armada has every indication of being poison with a capital P for the enemy.

It is known to the Navy as the PB-4Ys and is far superior to anything of its kind so far used against the Nips.

Called Search Plane

Called a search plane by its operators, the "Privateer" is faster and carries better equipment than the Liberator, the best thus far available for the Navy in this theater.

To a group of correspondents at a "Privateer" base, Comdr. W. S. Sampson, of Amsterdam, N. Y., skipper of a squadron, explained that his new ship has a range of 3,000 miles plus, endurance of 20 hours plus in the air, and a speed of better than 250 miles per hour.

He also said the "Privateer" carries 12 fifty caliber guns, as against the Liberator's 10, can take a more severe beating because of more armor, and will zip right up to the shores of Japan.

Sampson defined the purposes of the "Privateer" as (1) Covering or protecting movements of their own fleet; (2) Defense of our own new bases wherever we may take them;

(3) Blockade of enemy supply lines or destroying ships carrying supplies or troops; (4) Sniping, or seeing what the enemy is up to, and just general hecklin, like shooting up ships, shore installations of various kinds or whatever may be handy to destroy.

Four Motored Job

The plane is a huge four-motored job with a high tail, carries about the same bomb load as the Liberator, performs best at 8,000 feet, but the pilots prefer to come roaring in on their targets at mast height.

They and their crews are also a self-sustaining lot, for they go alone with no friendly fellow searchers with them and no fighters to protect them. The "Privateer" fights its way out alone and gets back the same way.

Comdr. Sampson said it is safer and more effective to go in for an attack at mast height and took this correspondent and two colleagues up to illustrate his point.

As the coast dropped away while we climbed rapidly into the sky, Sampson placed me in the co-pilot's seat beside him and said, "this is what I mean."

With that he banked the huge ship sharply, opened wide its four engines, and started down from about 3,000 feet. Ahead of us was a ship near a dock upon which were some buildings. He pulled out of the glide at more than 50 feet above his objectives. The commander knows his business.

Pvt. Robert Beulke Is German Prisoner

Parents Receive Two-Month-Old
Letter From Son Missing
Since Last October

Pvt. Robert E. Beulke, New Castle medical corpsman who was reported missing in action on October 26, is being held in a German prisoner of war camp, according to a letter which the soldier wrote to his parents, Mr. and Mrs. Herman Beulke, 514 East Moody avenue.

The 22-year-old local boy was in Germany when he was captured. He had just recently been returned to the line of combat after being wounded near St. Lo last July.

As no official word has come through from the German government, the letter, which was written over two months ago and just received, is the only information which Pvt. Beulke's parents have about him. He has been overseas for about a year, and in service for two years.

Pfc. Allan Pitzer Wins Bronze Star

Former New Castle resident, Pfc. Allen D. Pitzer, army paratrooper, has been awarded the Bronze Star for exceptional heroism during combat on the island of Leyte, according to a copy of the citation which has been sent to his parents, Mr. and Mrs. Leon Pitzer, Sandusky, Ohio.

Pvt. Pitzer's squad was ordered to withdraw to a more favorable position during a heavy enemy attack, and the paratrooper voluntarily stayed behind, exposing himself to intense enemy fire, to cover the retreat of his comrades. The action occurred, symbolically, on the anniversary of Pearl Harbor, December 7, 1944.

The Pitzer's lived at 419 Bartram avenue before moving to Sandusky. Pfc. Pitzer has been in service for two years and overseas for about one year.

What People Say

(By International News Service)
WASHINGTON—President Roosevelt, hailing Americans' entry into Manila: "Their (the Japs) world of treasury, aggression and enslavement cannot survive in the struggle against our world of freedom and peace."

NEW YORK—John W. Davis, former ambassador to the Court of St. James, urging creation of an international "commission of human rights": "There can be no such thing as a lasting peace that is not founded on the decent treatment of human beings."

WASHINGTON—Under-Secretary of War Robert Patterson, in new plea for a national service act to end shortage of 300,000 men in critical war plants: "These needs must be met—if we fail to meet them, it will not be because we can do no more but because we choose to do no more."

LUZON, Philippines—Capt. John Dugan of Milton, Mass., army chaplain rescued with 500-odd others from Jap prison camp at Cabanatuan. An idea of the conditions of the camp is given by Capt. Dugan: "I've seen more than one American beaten to death because he lacked both the strength and the will to keep up the back-breaking labor our captors demanded."

Expecting a Baby?

Mother's Friend helps bring ease and comfort to expectant mothers.

"MOTHER'S FRIEND," an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition which women for more than 70 years have used it is an application for massaging the body during pregnancy. It helps keep the skin soft and pliable, thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin, or for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use.

Navy Still Needs Many Inventions

Non-Slip Shoes, Beach Marker
Lights, Light-Proof Tents
Are All On List

By MARTHA KEARNEY
(U.S. Staff Correspondent)

WASHINGTON, Feb. 6.—Amateur inventors and hobbyists were invited to come up out of the cellar for a breather today to plot means of helping the Navy department solve some of its technical problems.

The invitation to help the Navy was extended to gadgeteers and putters by the National Inventors council.

Just any old invention which may be lying around the house will not be helpful—the Navy department has 25-specific problems on its hands.

Shoe Can't Sparkle

One of the problems is construction of a "non-slipping" shoe sole which will give good footing on the oily steel deck of a ship rolling as much as 17 degrees. The sole should be non-injurious to feet, non-sparking and reasonably durable.

Another is development of a beach marker light to be invisible from 5,000 yards out at sea with re-changeable or non-deteriorating battery. Effectively either for 70-hours continuous use or for seven days when used for only 12-hours per day.

The Navy would like help also in devising a durable plastic-impregnated fabric, weighing less than six ounces per square foot—waterproof and lightproof—which would be suitable for tentage.

300 Foot Antennas

Radio antennas up to 300-feet in height which can be set up easily by unskilled ground crews are also needed. Very light alloys and special rigs for rapid erection by a ground crew without climbing are desired. The antennas, furthermore, should be suitable for dismantling or collapsing into packages not exceeding 20-feet in length.

Insulated base vertical antennas are preferable although grounded base types which conform to the other requirements are acceptable.

The Navy is seeking a gasoline-resistant coating for the interior of gasoline drums which is not adversely affected by gasoline. It also is in need of proofing material which will make tentage and tarpaulin more resistant to the rotting in tropical, humid climates.

A portable fire extinguisher using liquid similar to the carbon-tetrachloride or pyrene type, suitable for use around electrical equipment is desired. The extinguisher should not form phosgene or other toxic gas when used to extinguish fires as is the case with the pyrene type.

The hobby that used to be a nuisance to the family can be war work now.

Seek To Prove School Teacher Given To Drink

FAIRMONT, W. Va., Feb. 6.—(INS)—Attorneys for Benjamin Franklin Male, 74-year-old self-styled slayer, today were expected to continue their attempt to prove that school teacher Walter O. Smith, whom Male allegedly killed for beating Male's son, was given to drink and was drunk when he chastised the student.

The court yesterday ruled out all evidence against Smith's alleged drinking upon the state's assertion that the trial was to determine Male's guilt, not Smith's drinking habits. The defense today hoped for the court to reverse this decision.

The trial was adjourned after a defense attorney asked Lee Houdi, a state witness and fellow student of Cecil Male, why Smith whipped the boy. The jury was excused while the opposing attorneys argued the point, and Male's attorneys sought to prove that their client had struck Smith in anger over the teacher's whipping his boy while intoxicated.

Two other fellow-students of Cecil Male, and who were eye-witnesses, testified as state's witnesses. They were Mrs. Olive Casteel and her brother, Floyd Huffman.

Propaganda Is Aimed At Nazis

Seeking To Aid In Hastening Surrender Of Germany—Many Stations Used

By EARLE MARCKRES
(U. S. Staff Correspondent)

WASHINGTON, Feb. 6.—A final powerful propaganda drive is being leveled against Germany today to speed her defeat as allied armies surge into the Reich on two fronts and "big three" leaders are reportedly plotting her postwar fate.

More than 20 OWI transmitters in New York, plus the British Broadcasting company, Luxembourg, Moscow, Algiers and ABSIE radios, are coordinating their high-powered facilities with military distribution of leaflets to blanket Germany daily with pleas for surrender.

Campaign Mounting

OWI Director Elmer Davis said the allied propaganda campaign is mounting in intensity as Germany gropes in her death throes.

"We are pouring it on now," Davis said. "Propaganda starts a nation slipping and keeps it going. We are merely trying to give Germany a final shove."

In varying form, OWI's around-the-clock broadcasts to Germany repeat the theme: "Germany has lost the war. You will lose everything. If you continue fighting, if you surrender, you will be treated according to the Geneva convention. Nazi leaders and military officials will be held completely responsible."

To explain the allied "unconditional surrender" goal adopted at Casablanca in January, 1943, OWI broadcasts to the German nation are drawing a sharp distinction between civilian capitulation and the fact the Nazi party and army officials will bear the brunt of war crimes.

Military Surrender

German programs, including popular army shows, nostalgic music, commentary and news, often play up the words "bedingte waffen-niederlegung," or military surrender.

OWI said the phrase is repeated to impress civilians with allied intentions to establish a peace which would destroy Germany's military might without excluding the German people from becoming members of the European family of nations.

Coincident with the high powered radio campaign, the army is showering millions of leaflets, pamphlets and small-edition newspapers by plane and artillery shells over enemy lines in an effort to hasten German capitulation.

An indication of their effectiveness was seen in army intelligence reports that out of 48 million leaflets dropped during the Normandy invasion more than 75 per cent of the Germans captured said they had them, while 50 per cent "believed" them.

May Change System Of Assessments In Certain Townships

HARRISBURG, Feb. 6.—(INS)—

The local government commission today was supporting a measure in the Senate which would permit officials of villages in second class townships to assess the costs and maintenance charges for street lighting against property owners according to frontage along illuminated roads.

The state supreme court has thrown out the act of 1917 which fixed assessments on the basis of real estate taxes.

Jointly sponsored by Senators George B. Stevenson (R) Clinton, commission chairman, Wallace S. Gourley (D) Washington and Edward J. Coleman (D) Lackawanna, members, the proposal was sent to Senate Municipal Government committee. An assessment of not more than 25 per cent of the maximum regular levy was proposed for vacant lots.

TAKING BIDS FOR HAULING OF MAIL

Postmaster William R. Hanna stated today that bids are being accepted for screen wagon service, i.e. the hauling of mail between the post office and local railroad stations. Contract will be let on a four-year basis, he stated.

All bids must be in the hands of the postmaster here by February 15 in order to secure consideration.

Law Requiring 180 School Days May Be Suspended

HARRISBURG, Feb. 6.—(INS)—

The state law requiring Pennsylvania children to attend school 180 days each year could be suspended during the wartime manpower shortage under the provisions of a bill sponsored today in the house by Rep. William L. Shaffer (D) Allegheny.

The measure, slated to be sent to committee today, would authorize the superintendent of public instruction to suspend the minimum attendance law "in order to make employable pupils available to help relieve the present labor shortage."

Japanese Cities Not Necessarily Built Of Paper

Photographs Show Fires Extinguished After Bomber Raids Made On Kobe

(BULLETIN)

HEADQUARTERS, 21ST BOMB-ER COMMAND, Guam, Feb. 6.—(Via Navy Radio)—Further proof that Japanese cities are not necessarily built of paper and kindling wood was indicated today when reconnaissance photographs showed no visible fires in Kobe 24 hours after a Superfortress raid on that vital industrial port on Honshu island.

Airmen returning from the strike on Sunday told of seeing at least 34 fires spreading through the city which is important as the site of key shipbuilding installations, transportation facilities and other war plants. Twenty-four hours later pictures were taken, showing no fires but indicating that "substantial" damage was inflicted upon an unidentified factory.

There was no official estimate of damages inflicted by the raid, carried out by a "sizeable force" of the world's biggest bombers. Nor was there any word as to damage inflicted on Mitsubishi heavy industrial plants, though it was not thought to be substantial.

Outcome of the latest heavy raid on crowded Kobe bolstered the growing belief that Japan, in the last few years, has been able to safeguard vital cities against fires resulting from natural or man-made causes. Sober evaluation of the pictures is in direct contrast to the previous reports pointing to heavy damage which might cripple Japan's largest city.

MAY THE BEST WOMAN WIN!

There's the bell... hold your hat... hang on to your purse... and may the best woman win!

Bargain sales look as exciting as ever these days, but this ancient sport isn't what it used to be. So much merchandise is up in price or down in quality.

However, there's at least one real bargain that still provides high pre-war quality at low pre-war prices. That's the electric service you enjoy in your home.

Actually, if yours is an average family, you're getting about twice as much electricity for your money today as you did 15

years ago. If your electric bill is no less today, it's because you have more electric conveniences now and use them more. But the cost per kilowatt-hour is much less.

The credit for this wartime bargain belongs to your friends and neighbors in this company. Their hard work, plus sound business management, made it possible. You can count on them to continue to furnish cheap, dependable electricity for still finer electric living after the war.

Safety Engineers Cancel Conference

PITTSBURGH, Feb. 6.—Another convention which has gone on the "cancelled" list in compliance with government requests that all group meetings be limited is the twenty-first annual Safety Engineers conference and exhibit which would have taken place on April 24, 25 and 26 in Pittsburgh.

Instead, the council is considering the holding of small committee meetings in each of eight Western Pennsylvania counties, and technical papers which would have been presented at the safety conference will be distributed to all the members.

Rotary Club Has Business Session

Reports Of Committees Are Presented At Noon Luncheon In The Castleton Monday

Monday noon's luncheon meeting of New Castle Rotary club was devoted to business, with reports of various committees of club activities being presented.

K. J. Seulke, feed broker, was admitted as a new member, being introduced by Paul J. Baldwin.

Guests of the club from Deshon Annex were: Albert Erenstein of Pittsburgh, who has seen three years

of service in Africa and Italy and who was wounded at Anzio Beachhead, and John Toukin of Philadelphia, who had 16 months of service, serving in the Italian theater. He was wounded at Pisa.

Brains And Beauty Combine In Making Of Ideal Secretary

Westminster Commercial 'Prof' Says
Secretary Is 'Indispensable
Business Machine'

(Special To The News)
NEW WILMINGTON, Pa., Feb. 6.—The modern ideal secretary is not only an expert at typing and shorthand, but she also knows how to make the most of her beauty and brains, according to Prof. Russell N. Cansler, secretarial science department head at Westminster college.

"An ideal secretary is one who keeps up with her employer's mail, appointments, and anniversaries; brushes off bores, time-wasters and crack-pots; filters telephone calls, follows up on important assignments or contracts, and becomes an almost indispensable business machine," he explains.

Urging the use of common sense in a secretary's personal appearance, Professor Cansler insists on makeup for the public's sake. Manish type clothes, high "hair-dos," spangled jewelry, droopy sweaters, frills and laces are the professor's pet peeves. He recommends moderate dress—not too far on either extreme. A proper amount of intelligence should be used in the choice of nail polish and lipstick shades, he declares.

In training future secretaries, Prof. Cansler finds the greatest problem is to get a person to give enough intelligent thought to the acquisition of background abilities and skills in her professed ambition.

"Intelligence plus training plus maturity equals the ideal situation," he believes.

Reopen Enlistments For Women Marines

Although the national quota was filled many months ago, enlistments have been re-opened for the United States Marine Corps Women's Reserve, according to Lt. Col. A. E. Simon, officer in charge of Marine recruiting for this district.

Because of the limited number of women needed to fill the present quota, only those highest qualified are being sent to Camp Lejeune for training and placement. Those interested should contact the U. S. Marine Corps Recruiting Office, Smithfield street, Pittsburgh.

Accident Toll Down In Past Two Years

NEW YORK, Feb. 6.—(INS)—The nation's death toll from accidents has dropped 8 per cent since the Public Service program of the National Safety Council began two and a half years ago. William A. Irvin, council chairman, disclosed today.

He revealed that there were 3,500 fewer deaths from accidents in 1944 than there were in 1943.

Cookie Consumption High Out At Annex

Thousands Of Home-Made Cookies
Disappear Monthly At Veterans' Camp

Calling one of the veterans at the Deshon Annex a "cookie pusher" would be equivalent to writing a blank check for a sock in the nose. But suggesting that the vets out there can hold their own with any service men in the world eating cookies, would be a statement of fact.

Some months ago a New Castle lady baked a batch of cookies and gave them to one of the volunteer telephone operators, to take out to camp. That started it. Since then a group of women have been sending out cookies and the idea is to keep the cookie jar in the recreation hall and administration building filled with cookies. The cookies never have a chance to get stale. Apparently military valor and a sweet tooth go together. And, incidentally any one wanting to donate cookies can arrange it by calling the camp operator at 7600 any day.

Hard Month On Telephonists
January was a tough month for the telephonists. Unusual weather was a challenge to the young women but they met it every day. The tele-

phone switchboard was staffed every day but Sunday. Deep snow, icy roads, low temperatures, nothing stopped the hello girls.

The following young women served as telephone operators during January. Regulars, Mrs. J. W. Campbell, Mrs. James Flynn, Mrs. H. E. Gill, Mrs. L. H. Jasper, Mrs. Hartzell Huston, Mrs. Percy Knight, Mrs. Richard S. Marquis, Mrs. Norman Matlock, Mrs. Elmer Sheffer, Mrs. H. M. Stevens, Miss Helen Wilson, Miss Olive Zeigler, Extras, Mrs. H. Roy F. Rumbaugh Promoted In Field

Former Local Boy Is Made Lieutenant On Field Of Battle For Initiative In Battle

For leading his men aggressively and with excellent control, S-Sgt. Roy F. Rumbaugh, son of Mr. and Mrs. J. E. Rumbaugh, former residents of 713 North Mercer street, was promoted to second lieutenant on the field of battle.

Inducted into the Army as a private in December, 1942, Lt. Rumbaugh was placed in the 45th "Thunderbird" division in February, 1944, on the Anzio Beachhead in Italy. He has steadily climbed the ladder and has shown outstanding qualities as a soldier, having been awarded the Combat Infantryman's Badge, Good Conduct Medal and has three campaign stars for major actions.

Before entering the service, he was a student at Penn State college. He is a graduate of the local high school.

Olive oil imported into Uruguay has dropped from nearly 3,000 tons a year before the war to two tons annually, and no more will be imported until Italy can send it.

First In Berlin Not Entitled To Determine Course

Senator Vandenberg Declares Berlin Entrance Does Not Give Especial Rights Among Allies

DETROIT, Feb. 6.—(INS)—Sen. Arthur H. Vandenberg (R) Mich., left in Detroit today the declaration that the Allied nation whose army reaches Berlin first does not win for itself the right to settle Germany's future.

Although he did not mention Russia by name, the Senate foreign relations committee member's statement, made before the variety clubs of Michigan, was considered significant in view of the nearness of Soviet forces to the Nazi capital.

Vandenberg also pleaded for continuance of the United Nations "fraternity of battle" into equally indispensable "fraternity of peace" by striving at a return to international power politics.

"The army that gets to Berlin first does not win for its nation the right to settle Germany's future just because it got to Berlin first," he declared, adding that "no nation's army would have reached Berlin at all except for the heroic, common combat of all the other nations' armies."

"This is just another way of saying that unity—unity for an ultimate lasting peace—is a constant, day-to-day necessity which must be nourished by all of us through constant, co-ordinated consultation in war and then in peace and through a reasonable regard for mutual sensibilities."

A. F. Of L. Claims No Manpower Shortage In U. S.

By PHILLIPS J. PECK
(U. S. Staff Correspondent)

MIAMI, Fla., Feb. 6.—The American Federation of Labor executive council marshalled its forces today in an effort to defeat the May "work or jail" bill, asserting that no actual manpower shortage exists in the nation.

The council took the first step in its campaign at its opening session yesterday, dispatching telegrams to all members of the U. S. senate, appealing for defeat of the bill and challenging the need of compulsory manpower legislation.

In support of its stand, the council asserted that an estimated 350,000 workers will be laid off in the first half of 1945 because of contract cutbacks. The council declared:

"The manpower policy is adequate to meet the demands under a voluntary system. There is no need for compulsion."

"Lay-off due to cutbacks have released thousands: In September 24,000, in October 43,000, with the lay-off of 350,000 expected for the first half of 1945."

"Increasing productivity is releasing thousands. In airplanes alone, 300,000 were released from November, 1943, to September, 1944, while production increased."

Members of the council urged that the senate, rather than approving the compulsory manpower bill, adopt a substitute proposal by Sen. Robert A. Taft (R) of Ohio, retaining a voluntary program under civilian agencies.

Clothing Prices Will Be Lowered

PITTSBURGH, Feb. 6.—(INS)—Women shoppers will pay 15 to 20 per cent less for clothes in Pittsburgh stores by March 1, OPA Price Specialist Jerry R. Herbst today declared.

His prediction followed a meeting of clothiers in which they agreed to bring prices down to the national average on women's and children's coats, suits and dresses.

Clothing costs in Pittsburgh were reported by the Bureau of Labor Statistics early last month to have increased 11.4 per cent in 1944, compared with a national average of 6.2 per cent.

Six Sailors Are Injured In Crash

HARRISBURG, Feb. 6.—(INS)—Six sailors stationed at the nearby Mechanicsburg naval supply depot were being treated for injuries today sustained when the car in which they were riding was struck by a bus in suburban Harrisburg. The injured men included a Pennsylvania resident, AOM 3-c Robert Shaffer, of Forbes road.

State police said the automobile was damaged beyond repair, while damages to the bus were estimated at \$250.

Eight Coal Mines Are Not Operating

PITTSBURGH, Feb. 6.—(INS)—Eight western Pennsylvania mines were shut down or operations partially curtailed today as the area was again threatened with the possibility of a renewal of an acute freight car shortage.

Solid fuels administration area distribution manager, Harry A. Sutter, reported that 16,100 tons of coal were being lost and better than 3,600 miners were idle.

Check-Up Will Show If War-Home Tenants Have Stuck To Jobs

PITTSBURGH, Feb. 6.—Checking to see whether tenants who secured housing on the basis of their employment in essential war industries have stuck to their jobs or have switched to non-essential jobs,

a survey of the occupancy of war housing in Western Pennsylvania will be made during February, according to an announcement from the National Housing agency.

Under the terms of leases signed with the housing authorities, war worker tenants are eligible to continue occupying homes only so long as they are employed in essential operations, the announcement said.

War housing, as distinguished from public low income housing, was planned and built to provide homes for the workers needed in the

war plants, in areas where there was not sufficient housing to care for expanded populations.

FIRE DAMAGES SCHOOL
ERIE, Pa., Feb. 6.—(INS)—Damage was estimated at \$2,500 today following a fire which swept through the St. Mary's grade school last night. The blaze apparently started in the basement, according to Fire Chief Lawrence Scully.

The total annual growth of forests in the United States is about nine billion cubic feet.

Report Last Ditch Defense Plan Is Made By Germans

LONDON, Feb. 6.—(INS)—A vast last ditch defense "bridgehead" inside Germany, with the port of Hamburg as its center, has been ordered established by Nazi General Chief and Interior Minister Heinrich Himmler, a dispatch to the London Daily Telegraph said today.

Himmler, according to the dispatch from Bern, Switzerland, ordered the Wehrmacht to prepare the defense zone which would include all of Schleswig-Holstein and the Jutland peninsula.

Information on Himmler's action was reported by a correspondent who returned to Switzerland from Germany on Friday after making contact with members of the German army general staff.

Stockholm reports to the London Daily Mail said it was understood that chief hostages of the Germans, composed of captive Allied leaders and relatives of Allied statesmen, had been removed from areas which might soon fall to the Allied military forces and taken to the Munich area where Hitler plans a final stand.

It was estimated that the hostages number between 50 and 60 persons, including King Leopold of the Belgians, former Austrian Chancellor Kurt Schuschnigg; the nephew of Prime Minister Winston Churchill, Giles Romilly; and Marshal Joseph Stalin's son.

French Editor Executed Today

NEW YORK, Feb. 6.—(INS)—Robert de Brasillach, former editor of the Paris Je Suis Partout, who was condemned to death by a French court on January 19 "for intelligence with the enemy," was executed this morning at 9:40 a. m. the French press agency reported.

The French dispatch was reported by the FCC.

Lt. Charles Lytle Seriously Wounded

Jackson Center Infantry Officer Is Wounded Second Time Overseas

Mr. and Mrs. L. E. Lytle of Jackson Center have been notified by the war department that their son, First Lt. Charles B. Lytle, was seriously wounded in action January 16, in Luxembourg. His wife, Mrs. Sara Orr Lytle, resides in Bessemer.

This is the second time in seven months that the infantry officer, who is with the ninth army, has been wounded. After being injured in both arms last June in France, he was hospitalized for six months. After being back in combat only a week, Lt. Lytle was wounded in the leg by shrapnel.

Will Retrieve \$4,274 Tax From Sec. Ickes

CHICAGO, Feb. 6.—(INS)—Every one was absolutely told of any intentional misstatements in obtaining a \$4,274 tax reduction on a business property owned by Secretary of the Interior Harold I. Ickes in Chicago's shopping district, but Cook county authorities announced they would retrieve the \$4,274—or sell the building for delinquent taxes.

Among the alleged misstatements which led the Board of Tax Appeals to grant the substantial cut in taxes were that the monthly income was only \$2,000 and that the building was only three stories high.

County assessor John S. Clark, in challenging the tax slash, declared that the income actually was around \$5,000 a month and that the building, instead of being three stories was five stories as anyone walking along South State street could see for himself.

State's Attorney William J. Tuohy said that the information submitted for the tax reduction plainly was erroneous, but that there was "no evidence of criminal fraud," so there was no plan to bring the case before the grand jury.

Prize Tale Of Seabees Service

WASHINGTON, Feb. 6.—(INS)—Vice-Admiral Ben Moreell, chief of navy civil engineers, has a prize tale of the wonders of the Seabees.

An army air force officer explained in a letter to him that a group of B29's, returning from a raid, found themselves over a small island in the Pacific with 15 minutes of gas left and no landing field.

But the squadron commander spotted a battalion of Seabees below. He signaled them frantically, explaining his plight.

"Do you know," he added, "those Seabees had us a landing strip before our gas ran out."

The air force officer may have been joking a little—but not about his respect for the Seabees.

Sponsor Bills For Unlimited Beer Sales

HARRISBURG, Feb. 6.—(INS)—Two measures which would permit taverns and clubs to sell unlimited quantities of beer for off-premise consumption were before the House today.

The bills, calling for elimination of the 72-ounce limit on individual sales, were sponsored by Reps. E. J. White and Theodore Konorsky, Luzerne Democrats.

The Scotch tell this story about the German prisoner who was asked by a guard what he would do after the war. Glasgow reports the Nazi replied he would take his bicycle and ride all around the borders of Germany. "Fine," said the Scot, "but what will you be doing in the afternoon?"

Jap Propagandists Rather Confused

SAN FRANCISCO, Feb. 6.—(INS)—Japanese propagandists, writing off the loss of Manila as of "almost no value," boasted today that it was just what their military leaders wanted and that now the Nips were ready to act.

While the Tokyo radio, as heard by the Blue network, said that the Japs were landing new forces to repulse the Americans in Manila, other enemy broadcasts declared: "The coming of the Manila is exactly what our side waited for, and our bleeding tactics, which are our aim, will now enter the positive stage."

A section of an Army Ordnance battalion mounded five thousand baby bottle nipples for the convenience of Italian babies when an acute shortage of nipples occurred. The nipples for the nipples were requested by the Allied Commission.

Nazi Saboteurs On Trial Today, Secrecy Prevails

Complete Secrecy On Governor's
Island As Government Tries
Colepaugh, Gimpel

NEW YORK, Feb. 6.—(INS)—William C. Colepaugh, 26-year-old native of Niantic, Conn., and Eric Gimpel, 35, go on trial today before a military court on Governor's Island, N. Y., on charges of attempted sabotage and espionage against the U. S. government.

The trial of the two accused Nazi saboteurs, who were apprehended by the FBI after their dramatic landing on the coast of Frenchman's Bay, Me., from a U-boat, Nov. 29, will be conducted in complete secrecy. Reports are barred from the entire island and the only news coming from the trial will be daily bulletins issued by Governor's Island authorities.

Most dramatic and perhaps the most important witness against Colepaugh will be a former classmate, Edmund Francis Mulcahy of Richmond Hill, Queens, N. Y., a medically discharged veteran, has been kept in seclusion as a key witness.

At least 20 witnesses are expected to appear before the seven-man military commission, with Maj. Robert Carey, Jr., as trial judge advocate. Cooperating in the prosecution are U. S. Attorney T. Vincent Quinn of this district and Assistant U. S. Attorney General Tom C. Clark of Dallas, Tex.

The two spies landed here with \$60,000 in cash, a quantity of diamonds, invisible ink and radio equipment. Their trail was first picked up by Harvard Hodgkins, 17-year-old high school student of Hancock Point, Me.

Ministers Meet Monday At Y. M.

Negro Problems Discussion Follows
Talk On Negro Of South
By Dr. E. A. Crooks

New Castle Ministerial Association met in the Y.M.C.A. parlors Monday morning for the February meeting. Devotionals led by Rev. U. S. Munnerlyn with the Rev. A. E. Simon at the piano opened the meeting.

Dr. T. A. Crooks, speaker of the day, was presented by Rev. Walter W. Gilliland. Dr. Crooks spoke out of four years experience as a special worker for the Reformed Presbyterian church among the Negroes of Alabama. His talk was followed by discussion of the Negro problem.

Announcement was made that the teaching mission carried on by the Federal Council of Churches will come here to the First Baptist church on February 28.

It was announced that the committee on evangelism will arrange details for the appearance here of Lt. Gen. Sir William Dobbie on March 4.

Rev. J. N. Rainey, pastor-sponsor of the Christian Endeavor, inquired about plans for summer evening services and it was decided that the Ministerial Association and the C. E. will again hold joint summer services during the coming summer as they did last.

Rev. F. P. Salmonetti introduced Rev. R. L. McKibben, new pastor of Mahoning Presbyterian church.

Relative to better cooperation in the matter of baccalaureate services, a committee was asked to confer with the school board on this matter. On the committee are Dr. G. S. Bennett, Rev. Owen W. Shields and Rev. A. E. Simon.

Prayer by Rev. Shields brought the meeting to a close.

REPORTED MISSING

Fred De John, Shaw street, was reported missing by Mrs. De John yesterday according to a report at police headquarters. He is 20 and was last seen at 5 p. m. February 4.

Recreation Center Will Probably Be Ready February 15

Third Floor Of City Hall Being
Fitted Up For Youths'
'Night Club'

Although the mayor's recreation committee terms the rooms, third floor, city hall, as the recreation center, it was seen today by an observer that it will have all the glamour of an up-to-date "night club" without the intoxicating beverages and characters that reportedly frequent such places.

The committee in arranging the center have gone far to give the young boys and girls something modern and it is very possible that it will become one of the most sought halls in the city. It is expected to open about February 15.

The large room where there will be a juke box for dancing has been painted attractively and booths have been installed along the walls. A snack bar has also been erected. In an outer room there is a soft beverage bar and directly across a cloak room.

Rest rooms for both boys and girls have been arranged. In the girls room will be lockers and several mirrors.

Located off the main recreation or dance room will be a large reading room. Floor lamps will be placed around the room and there will be lights on the table.

It is likely that once the recreation center is opened it will become the most popular place in the city for young folk to go. It will be under the supervision of Mrs. Bert Dean.

Ask Acquittal For Aged Man On Trial For Murder

FAIRMONT, W. Va., Feb. 6.—(INS)—Defense attorneys today asked for a directed verdict of acquittal after the state rested its first degree murder case against Benjamin Franklin Male, 74, charged with the slaying of a Houli school teacher 40 years ago.

Defense attorneys told Judge Charles E. Miller that the state had failed to establish the cause of death of Schoolmaster Walter O. Smith whom Male allegedly killed for beating Male's son.

The jurist declined to rule on the motion immediately and the court was recessed.

Earlier, Judge Miller decided the defense could continue to attempt to show that Smith was given to drink and was drunk when Male's son, Cecil, was chastised.

Lee Houli, a state witness and a fellow student of Cecil's in 1905, testified that Cecil told him on the day of the crime:

"He (Smith) is a drunken fool. I'm going to tell my father the drunken old fool whipped me."

Police Report Assid AWOL From Army

City police today announced that John Assid, Pennsylvania avenue, who drove a truck recently which resulted in the death of Mrs. Ethel Brown and Mrs. Assunta Monsey, Thursday, is AWOL from the army. He is held in the city jail. According to police he went AWOL at Fort Dix.

Learn how science
helps to make the
face younger

The skin of your face and throat! Is it ageing, losing its beauty? If so, try scientific ENDOCREME. For most women, ENDOCREME... with its 7-year record of success... gets results hitherto thought impossible. For it improves the skin itself, not merely its superficial appearance. Only ENDOCREME contains ACTIVOL. This ACTIVOL is a scientific counterpart of a natural, skin-vitalizing substance... a substance that diminishes with advancing age. When you apply ENDOCREME it is absorbed under the skin's surface to compensate for this loss, to firm tissues and rebuild cells. Thus the skin tends to become fresher, firmer, smoother, more youthfully beautiful again. Isn't this the best way you can invest your cosmetic dollars? Many report truly exceptional results in only 30 days.

Mrs. Mary Ezzo is chairlady of the kitchen committee, assisted by Mrs. Jennie Cinema, Mrs. Angeline Garafalo, Mrs. Marzella Comparone, Mrs. Artemia Canale, Mrs. Ernestina Pelosi, Mrs. Mary Masone, Mrs. Josephine Santillo, Mrs. Jane Piscitella.

GIRL'S CLASS WITH

MRS. C. M. BOOHER

Members of the Loyal International class of the Mahoning Methodist church school met over the week-end in the home of their teacher, Mrs. C. M. Booher, of 706 Wilmington avenue. The occasion took the form of a valentine party.

Mrs. Booher's daughter, Sharon Lynn's 11th birthday anniversary was also observed.

The entire class participated in the devotional period.

Various games were enjoyed by the guests and prizes were distributed.

Plans were discussed regarding a number of spring outings for the class. For the next social gathering a theater party has been arranged.

Sharon Lynn, the honored guest, prepared her own valentine place-cards, put in use when the hostess served the group with a delicious lunch, assisted by her daughter.

The honored guest was the recipient of some lovely gifts.

SIGHTSEERS ATTRACTED

The cement bombs placed on the porch of Mr. and Mrs. Victor Gaspare, 105 West Cherry street, are attracting a lot of adults and children who pass along. Mrs. Gaspare is a former worker of Mooney brothers. As soon as the weather permits, the bombs will be used as decorations on the porch and lawn.

BACK FROM PACIFIC AREA

Word has been received from Mr. and Mrs. C. E. Remer of Connellsville, formerly of Blanchard street in the ward, that their son, Pvt. Daniel E. Brookman, is on furlough visiting with his parents. Pvt. Brookman recently returned after serving in the Pacific area, including Australia and the Philippines.

M. O. D. O. CLUB

HAS OUTING EVENT

M. O. D. O. club met recently and enjoyed an outing in the form of an ice skating party, with Della Piccone capturing the prize for the most graceful skater.

Later they gathered with Phyllis DeThomas, of West Cherry street. Dainty refreshments were served, the hostess aided by her mother, Mrs. Pat DeThomas.

An amusing skit, "I Joined the Mounted Police—They Always Get Their Man", was presented by Almina and Rose DeThomas and Madeline Rauso. Evelyn DeVivo was chairman and announced a bowling party in the future.

Mrs. Stella Lombardo, R. D. 7, is the next hostess, for the group's sleigh ride.

NOW FIRST LIEUTENANT

According to word received here, Francis S. Brookman has been promoted from second to first lieutenant on December 20, 1944. The recognition was given him on the battlefield in Germany. Lt. Brookman is attached to the second armored division known as "Hell On Wheels" under command of Major General E. N. Harmon. Francis is a son of Mr. and Mrs. C. A. Remer of Connellsville, formerly of Blanchard street.

Prolong War

LONDON, Feb. 6.—(INS)—The reported statement of a U. S. War Department spokesman that the war in Europe could end in the next few days failed to attract much attention in British circles.

It is assumed in London that anything might happen in the next few weeks, but the British prefer to await the outcome of Marshal Gregory K. Zhukov's great smash against the Oder river.
